here to
help.

Is periodic valuation reporting taking too much time?

Leverage on our valuation outsourcing support and your firm will stand to gain from:

- Independent & timely valuation report deliverables.
- Comprehensive & effective review framework.
- Having readily available professional valuers to handle complex valuation work.
- Detailed calculation & analysis that reveal potential value & risk relating to an investment.
- Replacing fixed cost structure to “on-demand” variable cost arrangement.
- Freeing up investment team for portfolio management that drives portfolio growth.

Portfolio Valuation Outsourcing Service

Our valuation team specializes in:

- Portfolio investment valuation which includes unquoted investments
- Financial instruments (convertible loans, hybrid derivative instruments)
- ESOS
- Intangible assets
- Start-up companies
- Post-acquisition valuation (purchase price allocation)
